

**PRESS RELEASE**

**Embargo until November 13<sup>th</sup> 2009, 17h40**

---

**INTERMEDIATE STATEMENT – REGULATED INFORMATION**

---

Prepared by Managing Directors Dirk De Cuyper and Peter De Cuyper.  
Wetteren, Belgium – November 13<sup>th</sup>, 2009.

**Significant events and transactions since July 1<sup>st</sup>, 2009**

In October the company Resilux South East Europe SRL has been established in view of the purchase of industrial land. The negotiations regarding this purchase are still ongoing. This purchase relates to the possible decentralisation of the production of the Central European subsidiary (Resilux Hungária Packaging Kft.) in order to serve the markets in an optimal way and to support further growth and productivity in Central Europe.

On September 4<sup>th</sup>, 2009 Resilux has agreed upon cooperation in principle with an international R&D group regarding new applications in plastic packaging.

No other important events have occurred since July 1<sup>st</sup>, 2009 with a significant impact on the company's results and financial structure.

**Outlook**

During the first semester sold volumes were still stable. As of the second semester sold volumes have grown again. This will lead to an increase of sold volumes for 2009 between 5% and 10% compared to last year. Consequently, Resilux expects an increase of the net result for the second half of 2009 compared with the second half of 2008, also giving the savings on the financial expenses.

Resilux expects that the net financial debt, excluding subordinated loans, by the end of 2009 will have further decreased compared to the end of 2008. In addition, during 2009 Resilux will have repaid EUR 8.2 million subordinated loans.
