## INTERMEDIATE STATEMENT – REGULATED INFORMATION

---

Prepared by Managing Directors Dirk De Cuyper and Peter De Cuyper  
Wetteren, Belgium – November 15<sup>th</sup>, 2011

### Significant events and transactions since July 1st, 2011

Since July 1st, 2011, no important events have occurred with a significant impact on the company's results and financial structure.

### Outlook

Due to the good weather in the early year, sales have reached already a high level as of the second quarter and a good first semester was realised.

Poor weather conditions during summer in Europe and the unfavourable and uncertain financial and economic circumstances will have an impact on the results of the second half year of 2011.

Resilux confirms the outlook communicated when publishing the first half year figures and expects operational cashflow (ebitda) for the full year 2011 to be in line with 2010.

Resilux expects also in the second half of 2011 to invest EUR 6.0 to EUR 8.0 million in additional opportunities and diversification of the products, markets and clients.

For more information, please contact: Resilux NV - Dirk De Cuyper

---

RESILUX NV specialises in the manufacture and sales of PET preforms and bottles. These preforms and bottles are used for the packaging of water, soft drinks, edible oils, ketchup, detergents, milk, beer, wine, fruit juices and other liquids. Resilux originally was a family business, and was established in 1994. Since 3rd October 1997, RESILUX has been quoted on Euronext Brussels. RESILUX has production units in Belgium, Spain, Greece, Russia, Switzerland, Hungary and in the U.S.
